

Home and Community Care Program for Younger People

HACC-PYP provides support for younger people with disability whose capacity for independent living is at risk.

What is HACC-PYP?

Services are targeted to younger people with moderate, severe or profound disability and their unpaid carers. These services help people live as independently as possible in the community.

HACC-PYP funds organisations to deliver a range of activities (supports) that assist eligible clients to remain as independent and healthy as possible in the community.

Am I eligible?

- Individuals who are under the age of 65 years, or under 50 years of age for Aboriginal and Torres Strait Islander people, and who experience difficulty carrying out the tasks of daily living are eligible to apply for HACC-PYP supports.
- NDIS participants are generally not eligible to access HACC-PYP services as it is the responsibility of the NDIS to fund a participant's reasonable and necessary disability-related supports.

Is there a cost?

There is no cost for a HACC-PYP assessment, however your financial details are discussed during assessment to determine what level – 'low, middle or high' – income bracket you are in to determine the cost of services provided.

Where is it available?

Intereach delivers HACC-PYP in the Campaspe Shire (Echuca, Kyabram, Tongala, Rochester, Gunbower, Lockington, Rushworth).

If you live in another area, please contact us and we will put you in touch with a HACC-PYP service in your area.
