

# Local Area Coordination

**Intereach Local Area Coordinators (LACs) support people aged 9-65 who live with disability, their carers and families, to understand, access and navigate the NDIS by providing planning and coordination**

The National Disability Insurance Scheme (NDIS) can provide all people with disability with information and connections to services in their communities such as doctors, sporting clubs, community groups, libraries and schools, as well as information about what support is provided in your local area.

## How does it work?

### What is an NDIS Plan?

An NDIS Plan is a document that outlines your needs and goals as well as any disability supports you require. It also includes the funding to help you achieve those goals.

### Am I eligible?

Anyone who thinks they might be eligible for the NDIS can contact an Intereach Local Area Coordinator on **1300 488 226** to discuss what information and supporting evidence is to be provided to the NDIS for assessment.

## Is there a cost?

There is no cost to access Local Area coordination.

## Where is it available?

Local Area Coordination is available across our Murrumbidgee, Mallee, Loddon and Goulburn regions.
