

Home Maintenance and Modifications

Intereach provide home maintenance and minor modifications designed to improve safety and accesses within your home.

How does it work?

Phone Intereach for a chat. We discuss the support you need to stay independent and living at home.

If you require registration with My Aged Care or an ACAT assessment, we can explain this process and support you to make the process as simple as possible. You can access Home Modifications and Maintenance in a variety of ways such as:

1. via the Commonwealth Home Support Programme
2. a choice as part of your Home Care Package, or
3. a fee-for-service

Home maintenance and modifications may include:

- Accessibility improvements in your home
- Garden maintenance (mowing, weeding, etc.)
- General maintenance (cleaning gutters, windows)

We can also support (if applicable):

- Plumbing support
- Electrical work and maintenance
- Home safety modifications

Is there a cost?

Costs are based on your eligibility and level of support provided. You may be required to pay a small contribution for the support you receive, if you can afford to. Clients will not be asked to cover the full cost of services.

We will always explain and talk about costs before any work starts.

Where is it available?

Intereach delivers Aged Care Services across the Riverina-Murray region of NSW and across North and Central Victoria.
