Definitions

In this Policy, capitalised terms have the following meanings.

Aged Care Act means the Aged Care Act 2024 (Cth) and the Aged Care Rules 2025 (Cth).

Aged care worker has the meaning given to it in the Aged Care Act and includes our employees, agency staff, contractors and volunteers who deliver funded aged care services on our behalf.

Comment means Feedback that is neither positive nor negative – an observation, an idea or a suggestion – where a response or resolution is not expected or required.

Complaint means an expression of dissatisfaction made to or about us related to our accommodation, care, services, staff or management where a response or resolution is expected or required. It may include wrongdoing or a Whistleblower disclosure that the Whistleblower elects to have treated as a Complaint or Feedback. It does

not include a request for services, updates, information or review of a decision (where there is a separate review mechanism).

Complaints and feedback system means the system for receiving, managing and resolving Complaints and Feedback.

Compliment means positive Feedback about our care, services or workforce.

Disclosure means a Complaint, Feedback or a Whistleblower disclosure under the Aged Care Act that is to be treated as a Complaint or Feedback.

Feedback means an expression made to or about us related to our accommodation, care, services, staff or management that is either a Compliment or a Comment. A Complaint is not Feedback.

Responsible person has the meaning given to it in the Aged Care Act and includes our directors, senior managers and other persons who exercise control over the delivery of funded aged care services on our behalf.

Whistleblower means an individual who has reasonable grounds to suspect that the provider, a worker, a Responsible person or another entity has, or may have, contravened a provision of the Aged Care Act, and who conveys that information to one of the people listed in this Policy who can receive a Whistleblower disclosure.

Whistleblower disclosure means a disclosure of information by a Whistleblower made orally or in writing (including anonymously) that qualifies for Whistleblower protections under the Aged Care Act.

Whistleblower officer means the nominated individual who acts on behalf of us in receiving, managing, investigating, resolving and responding to Whistleblower disclosures in line with our Whistleblower Policy.

Whistleblower Policy means our policy for receiving, assessing, managing and resolving Whistleblower disclosures, which sets out the Whistleblower system in detail.

Whistleblower protections means the protections that the Aged Care Act gives to Whistleblowers in respect of a Whistleblower disclosure. The protections include (a) protection from civil, criminal or administrative liability for making the Whistleblower disclosure, including disciplinary action and contractual remedies; (b) confidentiality of identity (we must not disclose the Whistleblower's identity, or any information likely to lead to identification, except as authorised by the Aged Care Act); and (c) protection from victimisation, meaning we must not take, or threaten, any detrimental action against a Whistleblower because they have made or may make a Whistleblower disclosure. Civil penalties apply if these protections are breached.
